

Home learning is in full swing and everyone's on the lookout for fun ways to help keep those maths cogs whirring whilst schools are closed.

We've teamed up with School Leader and Parent Emma Johnson to bring you [25 fun and engaging maths games and activities](#), from simple, short games to longer games which everyone in the family can enjoy together!

[VIEW ALL ACTIVITIES](#)

Don't forget! We're sharing loads of free home learning resources in our online resource library, [The Third Space Maths Hub](#).

If you haven't already, [create your free account here](#) and keep an eye on our brand new ['Home Learning' category](#).

PLUS! The Maths Hub is now open to parents! [Share this PDF with your pupils' parents](#) to get them started.

Best wishes,

Lottie
