

## PARENT OVERVIEW – AUTUMN TERM 2023

### **In Geography we will be..**

asking more focused questions about local area

recognise the difference between human and physical features in our local area

Make a map of their local area showing some familiar features we have observed.

## ***Into the forest***

**In Science we will...** Look closely at the habitats in our local area - School grounds, Forest and ponds - what living things can we find there.

We will look at understanding things that have been alive, dead or never been alive.

We will observe the trees in our school grounds and identify key features and what lives in it.

We will look at food chains and dependencies in the forest.

**In Art we will be...** looking at the artist Georgia O'Keeffe and the flowers in our school grounds. We will plan drawings to fill the paper and control the lightness and darkness of colours.

### **In Design Technology we will be...**

looking at the artist Andy Goldsworthy and using our natural environment to create natural sculptures in his style. We will plan, create and evaluate our designs.
