

# We are what we eat

## In English we will...

- Study the book *Extra Yarn* and *Captain Cat*
- Ask relevant questions to extend knowledge and understanding
- Write a myth, a poem and instructions
- Listen and respond appropriate to one another's opinion

## In Science we will...

- Explain the basic process of food digestion in animals
- Describe the features of a healthy diet for humans
- Understand the functions of muscles and skeletons
- Collect data from measurements using tables and standard units
- Use diagrams, illustrations and pictures to present ideas

## In History we will...

- Place Stone Age, Bronze Age, Iron Age on a timeline
- Identify key events from the Iron Age
- Research what Iron Age people ate and cooked
- Use images, diagrams and labels to present information

## In Art/Music we will...

- Look at the art of Arcimboldo, and how he used fruit and veg to make portraits
- Continue to experiment with collaging materials
- Learn to play the recorder

## In Design Technology we will...

- Know that a healthy diet is made up from a variety of different food and drink.
- Measure and weigh ingredients
- Follow a recipe.

## In Geography we will...

- Ask questions about effects of human geography: eg *farming*
- Make links between UK physical features and human use
- Use geographical vocab relevant to topic

## Trips, events and visitors...

- Rich Mix Cinema
- Nativity
