

Where in the world

In English we will...

- Study the books, *My friend Walter* and *Who's afraid of the big bad book?*
- Write an information leaflet, diary entry, a character description and a letter

In Science we will...

- Explore magnets
- Observe how magnets attract or repel each other and attract some materials and not others
- Describe magnets as having 2 poles
- Know that magnetic forces can act at a distance
- Predict whether 2 magnets will attract or repel each other, depending on which poles are facing

In History we will...

- Learn about the Tudors and the key events leading to Tudor reign in England
- Learn about King Henry VIII, his wives and his children
- Explore what life was like for different people

In Art/Music we will...

- Use cross stitching sewing skills to create a Tudor Rose tapestry
- Use cellophane sheets to create a stained-glass window of the Pentecost
- Paint and sketch images of London landmarks to celebrate the King's coronation

In Geography we will...

- Describe a climate zone, biomes and vegetation belts
- Identify the Arctic and Antarctic circle
- Locate the tropic of Cancer and Capricorn

In Design Technology we will...

- Identify key features of products and their success
- Identify the strengths and weaknesses of their design ideas
- Consider and explain how the finished product could be improved

Trips, events and visitors...

- Weekly swimming
